

OUR LOOK AND NAME ARE CHANGING ...WE'RE NOT.

YOU MIGHT BE WONDERING...

What is your name?

Our new name is ***Epilepsy Association of Western and Central PA***! You may have noticed for a few weeks we were temporarily using the name "Epilepsy Western/Central Pennsylvania." Now that we have a new, official name, you will start seeing our new logo on everything we do!

Why did your name change?

We are no longer affiliated with the Epilepsy Foundation of America, so we needed to change our name. You can read more about how these changes came about in our ***Letter to Stakeholders***.

Will this change affect the help I receive?

No! The only things that are changing are our name and logo. We are still providing the same great programs and services that we always have!

If I want to make a donation, what should I write on the check?

You can make donations payable to "EAWCP" or "Epilepsy Association of Western and Central PA." Or donate online by [clicking here](#).

Can I request print resources about epilepsy and seizures?

We do have some print resources available now, and we are working on rebranding every resource we produce. If you are looking for a specific resource or information about a particular topic related to epilepsy and seizures, please contact Laura at Inorris@eawcp.org.

THANK YOU FOR YOUR PATIENCE AS WE ROLL OUT OUR CHANGES!
